

## Railway Management System /

## Railway Reservation Management

To develop a user friendly Railway Reservation System to enable passenger to book ticket online and make payment Online as well.

Railway Reservation System project which provide the train timing details, Reservation, billing, Cancellation on various types of reservation namely,

- Confirmation on Seat reservation
- waiting list Reservation
- Online Reservation
- tatkal Reservation

This system enables the advance booking in my class, against General & ladies quota, on payment of fare in full for adults and children, a maximum of six berths/seats at a time, for journey between any two stations served by a train.

It also provide details about

- ① timetable
- ② Train fares
- ③ Current station of reservation position
- ④ Train available btw 2 stations
- ⑤ Accomodation available

Types of ticket

- ① General
- ② tatkal
